

## **Mental Health Ctr of Denver | Unique Psychiatry Program at Mental Health Center of Denver**

---

The Mental Health Center of Denver has a really unique program for residents to actually leave residency for a year and work as a senior psychiatrist here at the Mental Health Center of Denver. So it's a really great way to get hands-on experience as an attending psychiatrist rather than a student doctor. It's also a really great way to get to know the company that you might want to work for in the future.
