PURPOSE

2Succeed in Education is a psychiatric rehabilitation and supported education program that supports individuals 18 years of age and older in their recovery and promotes well-being. Our program acts as a bridge to the greater community, offering opportunities for individuals to participate in educational and wellness pursuits.

A 2Succeed Adult Math Tutor will assist in the support of individuals and their education by helping them with courses that range in varying degrees of difficulty for GED and college level math classes. Tutors may be asked to virtually tutor, tutor onsite at our 2Succeed location, or a hybrid of the two.

For more information about the 2Succeed for Education & Employment program visit our [2Succeed for Education & Employment Webpage](#).
