## PURPOSE

Emerson St. for Teens & Young Adults provides a supportive community for teens and young adults, ages 15 – 26, seeking connection and belonging. This inclusive, welcoming place offers a variety of activities and services that support young people in enhancing their mental health and overall well-being.

Many of the teens and young adults served at Emerson St. are interested in furthering their education and in need of educational supports. Due to this interest Emerson St. has created a space for homework help and tutoring. Generally, there is need for homework helpers that can support math and occasionally science subjects at the high school and college level.

Volunteers will act as homework helpers and tutors for our teens and young adults. This opportunity will be a hybrid of onsite and virtual support and may fluctuate depending on health and safety regulations. This opportunity provides the opportunity to have a direct impact on the well-being of the people we serve.
