

# WellPower

## In App Video Appointments

In the December 2021 release of the WellPower App, You no longer need to use Microsoft Teams for video sessions! You can now join a Video Appointment from within the app.

Simplify your experience with fewer apps to install and maintain on your device

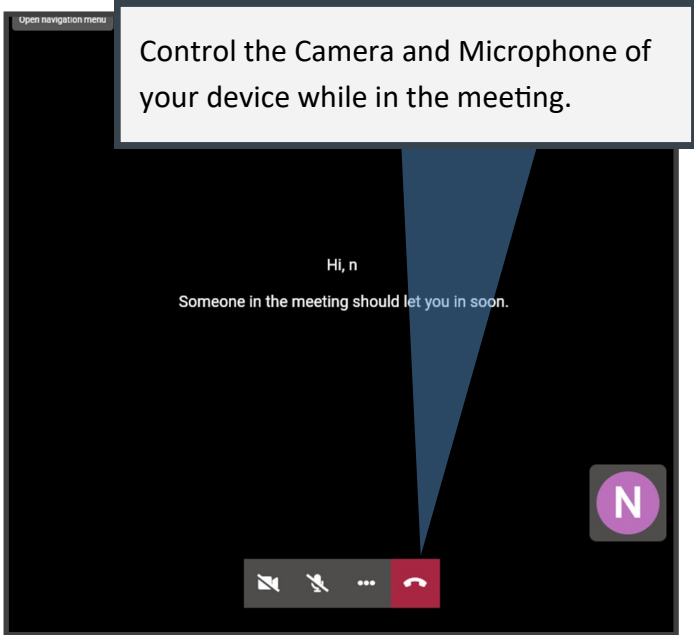

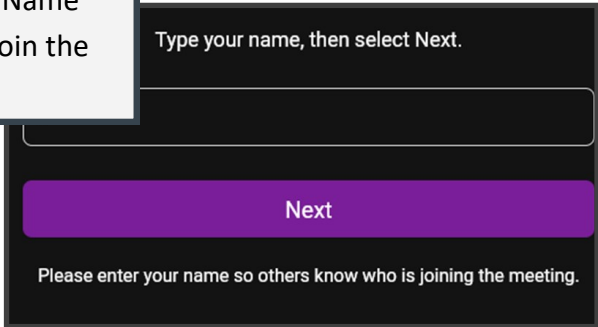

Teams is still an option if needed.

“Join Video Meeting” now brings you into the meeting while staying within the WellPower app. If needed the option to still use MS Teams exists.

**When prompted, allow permissions to fully use the camera and microphone during your appointment**

Please enter your Name and click Next to join the meeting

Control the Camera and Microphone of your device while in the meeting.

**Please be aware that chat is currently not available.**
